

Citizens Security Needs Versus Citizens Integrity

Will I sacrifice my privacy for more security or it is just being imposed upon me?

Moderator: Mr. Jan-Olof Lind

Projects and panel:

**Mr. Andrzej Dziech, Ms Anke Van Gorp,
Mr. Anders Lennerman, Mr. J Peter Burgess**

- INDECT programme: presentation
- Definition of security: visible/ imagined/ created by more security technology ?
- Do we really have a consensus on what security is ?
- Data profiling concerns/ opacity/ reduced or extended data collection?
- Airport security: have we gone too far?
- Trust and confidence
- The role of social science
- Should the Technology be the driver?
- Could the right balance be achieved ?
